

Training Medical Center: New Tokyo Hospital

Fellows: Ryan Ranitya (Indonesia)

Mohamad Syahrir Azizi (Indonesia)

Period: May 10-26, 2017

Fellows' Comment on ASCI Fellowship Program

- Excellent program to have observation and experience in the application of cardiac imaging in the medical center in other country in term of practical knowledge (real experience in real patient)
- Very helpful to increase our knowledge in CV imaging
- Good lecture and supervision from the supervisor
- Good hospitality and facility
