

ASCI Joint Symposium with Brain and Heart Virtual Meeting

December 5th, 2020

Online

Hosted by the Indonesian Cardioserebrovascular Society (ICS)

Program

Date: December 5, 2020 | Venue: Online, Indonesia

Session: The Role of Imaging in Embolic Stroke

Time (Local)	Title	Speaker
10:10 - 10:30	Embolic Stroke of Undetermined Source (ESUS): A new type of stroke?	Dr. Salim Harris
10:30 - 11:00	The role of perfusion imaging for the identification of ESUS	Dr. Jacob Pandelaki
11:00 - 11:20	The use of Transthoracic Echocardiography (TTE) in the evaluation of a cardioembolic source	Dr. Sally Aman Nasution
11:20 - 11:40	Discussion	
12:30 - 12:50	The value of Trans Esophageal (TEE) echocardiography for ESUS	Dr. M. Syahrir Azizi
12:50 - 13:10	Potential role of Cardiac CT in patients with cardioembolic stroke	Dr. Nobuo Tomizawa
13:10 - 13:30	CT evaluation for ESUS : how to identify PFO and periprocedural PFO closure assessment	Dr. Young Jin Kim
13:30 - 13:50	Discussion	

Greetings from the Chair of ASCI School and Director of ASCI Joint Symposium

Prof. Jongmin Lee
Chair ASCI School

On behalf of the Asian Society of Cardiovascular Imaging (ASCI), it is a great pleasure for us to hold ASCI Joint symposium with Brain and Heart Virtual Meeting.

After the foundation in 2006, the ASCI has grown by leaps and bounds based on the devotion of many excellent leaders and members. For concentrating ASCI's academic resources and for more efficient conduction of ASCI's academic activities, an ASCI's sub-organization, the ASCI School is founded in 2018. One of the ASCI School projects is 'Joint Symposium', which is to enrich chances of international lecture for ASCI speakers and promote the appropriate use of cardiac imaging in Asian countries.

We hope this symposium will be a great opportunity to update the latest knowledge for all participants. We especially thank the ICS for their warm hosting of this symposium and their generous and considerate hospitality. We wish both societies much progress in the future.

Prof. Kakuya Kitagawa
Director ASCI Joint Symposium

Greetings from the ICS President

Dr. Ika Prasetya
Widjaya

On the behalf of Indonesian Cardiocerebrovascular Society (ICS), we are honored to host the ASCI Joint Symposium with Brain and Heart Virtual Meeting.

Cardiocerebrovascular diseases remain to be one of the leading causes of death in many parts of the world, including in Indonesia. Since its establishment in 1999, ICS has continued to facilitate many health care providers in developing their knowledge and skills regarding the management of cardiocerebrovascular problems. Every year, numerous medical breakthroughs are changing the way we treat the diseases. Therefore, we need to constantly renew and enhance our expertise.

Hopefully, this symposium will help all the participants in gaining the most recent updates on cardiocerebrovascular imaging. We sincerely thank ASCI for their cooperation in this symposium and may both societies continue to thrive in the future.

Profiles of ASCI Speakers

Dr. Nobuo Tomizawa

Associate Professor
Department of Radiology
Juntendo University Graduate School of Medicine, Japan
tomizawa-ty@umin.ac.jp

Dr. Young Jin Kim

Professor
Department of Radiology
Yonsei University College of Medicine, Severance Hospital, Korea
dryj@yuhs.ac

Profiles of ICS Speakers

Dr. Salim Harris

Professor
Department of Neurology
Faculty of Medicine Universitas Indonesia, Cipto Mangunkusumo
Hospital, Indonesia
salim.haris@ui.ac.id

Dr. Jacub Pandelaki

Doctor
Department of Radiology
Faculty of Medicine Universitas Indonesia, Cipto Mangunkusumo
Hospital, Indonesia
jacubp@gmail.com

Dr. Sally Aman Nasution

Doctor
Department of Cardiovascular
Faculty of Medicine Universitas Indonesia, Cipto Mangunkusumo
Hospital, Indonesia
sanasution@yahoo.com

Dr. M. Syahrir Azizi

Doctor
Department of Cardiovascular
Faculty of Medicine Universitas Indonesia, Cipto Mangunkusumo
Hospital, Indonesia
Dr.syahrir@gmal.com
