## Greetings from Chair of ASCI School and Director of ASCI Joint Symposium

Prof. Jongmin Lee  
Chair  
ASCI School

On behalf of the Asian Society of Cardiovascular Imaging (ASCI), it is a great pleasure for us to hold ASCI Joint symposium in Iran.

After foundation in 2006, the ASCI has been grown up consistently and successfully based on devotion of many excellent leaders and members. For concentrating ASCI's academic resources and for more efficient conduction of ASCI's academic activities, an ASCI's sub-organization, the ASCI School is founded in 2018. One of the ASCI School projects is 'Joint symposium', which is to promote appropriate use of cardiac imaging in Asian countries.

We hope this symposium will be a great opportunity to update the latest knowledge for all participants. We especially thank the Iranian Joint Cardiovascular Congress for their warm hosting of this satellite symposium with a provision of online video conference system.

We wish both organizations much progress in the future.

Prof. Kakuya Kitagawa  
Director  
ASCI Joint Symposium

## Greetings from Congress President

Prof. MohammadAli  
Yousefnia  
President of Iranian  
Society of Cardiac  
Surgeons (IJCC)

On behalf of the 7<sup>th</sup> Iranian Joint Cardiovascular congress (IJCC) in conjunction with Asian Society of Cardiovascular imaging (ASCI), which will be held from 27<sup>th</sup> of Feb to 1<sup>st</sup> of March 2019, we are honored to invite and welcome you to Tehran, Iran .

This year's congress seeks to provide an overview of the latest research and developments in diagnosis, prevention, and management in the field of cardiovascular disease particularly in coronary artery disease, heart failure, valvular heart disease, and congenital heart disease.

Similar to the previous six IJCC, most of the Iranian cardiovascular associations and societies combine their annual meetings such as Iranian Society of Cardiac Surgeons, Iranian Heart Association, Iranian Society of Cardiac Anesthesia, Iranian Scientific Association of Interventional Cardiology, Iranian Society of Pediatric Cardiology, Iranian Society of Echocardiography, Iranian Society Of Heart Failure, Iranian Heart Rhythm Society, Iranian Cardiac Nurses Society, Iranian Society of Extracorporeal Technology , Iranian Scientific Society of Extracorporeal Technology and Iranian Physical Therapy Association in Cardiopulmonary Branch to produce the upcoming grand gathering of the luminaries of cardiovascular medicine. It is deserving of note that last year's event played host to over 3000 participants.

This year we are proud to announce the first joint symposium with ASCI, and would like to thank ASCI for this opportunity to be able to join us in this great event to help promote cardiovascular imaging knowledge in Iran. We look forward to continued mutual cooperation for further collaboration and progress in cardiovascular imaging science.

Associate Prof. Zahra  
Alizadeh Sani  
Executive director  
(IRAN) ASCI
